## FOOD SUPPLIES:

### Bakeries:

There are none in the district.

### Butchers:

There is only one resident in the district and the conditions under which meat is stored is not satisfactory.

### Grocers:

There are seven general stores from which groceries are sold. One is a reasonably large shop the remainder being small and consisting of one room being divided off from the remainder of the dwelling house. Conditions are as satisfactory as may be expected.

### Ice Cream:

There are two retailers of pre-packed ice cream. The four samples taken for analysis were all Grade 1.

## MEAT INSPECTION

Meat sold in the district has been killed at the Launceston Abattoir where it is subject to efficient inspection.

### MILK:

There are no dairies or milk distributors as defined under the Milk and Dairies Regulations in the district. The whole of the milk production and distribution is carried on by producers and producer-retailers and the supervision of such premises is carried out by the Ministry of Agriculture & Fisheries.

## WATER SUPPLIES:

During the year the North Devon Water Board accepted a tender from Messrs. Unwins of Tiverton for the laying of a 4" water main from Ashmill to Box's Shop a distance of about  $7\frac{1}{2}$  miles. At the time of writing this report the mainlaying is in progress. This piped water supply will be the first in the district.

Also, in December, the North Devon Water Board agreed to the sinking of a borehole near Petherwin Gate. If, after tests, the supply from the borehole is found satisfactory and sufficient the Board will submit to the Ministry a small local scheme for the

supply of water to the Petherwin Gate area.

Samples submitted for analysis .....	15
Satisfactory .....	5
Unsatisfactory .....	10

REFUSE COLLECTION:

Refuse is collected monthly in that part of the district including Petherwin Gate, Langdon, Ladycross and Yeolmbridge. About 75% of the remainder of the district is served with a quarterly collection.

FACTORIES:

There are two factories registered under the Factories Act 1937. Conditions at both factories are satisfactory.

DRAINAGE:

There are no sewered areas in the district with the exception of a sewer for waste-water only at Petherwin Gate. During the year 8 properties have been converted from Pail Closets to water closets and septic tank drainage.

In conclusion I wish to thank the Council for the support and ready hearing which they always give me.

I am, Gentlemen,

Your obedient Servant,

T.A.JUDD

Sanitary Inspector.
